

JUNIOR JAVASCRIPT DEVELOPER

(f/m/d, full-time)

JENTIS, the Viennese start-up of serial entrepreneurs Thomas Taucher, Klaus Müller (Ex- Googler) and 3 Co-founders, excels through its digital competence – a result of the founders' 75 years of professional expertise in a variety of digital companies. In an era of constant change through the developments in artificial intelligence and data tracking as well as changing regulatory requirements, the team's mission is to empower data-driven companies with their breakthrough SaaS solution.

The Job:

Together with your colleagues you are responsible for the development of our GDPR-compliant SaaS web tracking tool. Depending on your interests and experience, you can help shape the development of the JENTIS user interfaces and support the development and optimization of new features. In this context, you will contribute creative ideas, precisely prioritize requirements, and work together as a team to perfect and further develop our product.

Requirements:

- Professional or project experience in web/software development with Javascript
- Experience in dealing with additional web technologies such as HTML5, CSS, jQuery
- Knowledge working with APIs (RESTful, SOAP, JSON)
- Enthusiasm for web technologies and data
- Very good written and spoken English skills (German is advantageous, but not required)
- Experience with web analytics tools and tag management systems is a plus

This is the right job for you, if ...

- ✓ You are enthusiastic about data and web technologies
- ✓ You don't want a boring 9-to-5 job
- ✓ You strive for continuous improvement and want to make a difference
- ✓ You love problem-solving and are eager to learn
- ✓ You are excited about working in an innovative and fast-paced Startup environment

What we offer:

You will work in a dynamic environment together with the most motivated and smart colleagues as well as the best office dogs.

You can expect a positive working atmosphere with an open feedback culture and a lot of room for your creative and innovative ideas.

We support an independent working style, that's why there are flexible working hours and the opportunity of unlimited vacation days.

Your personal development is important to us, therefore we support you with your educational ambitions.

Gross salary starting at **€2.800**, overpayment according to your experiences and qualifications.

Additionally you will get a **performance-based bonus** and take part in our **employee participation program**.

Standard letters of motivation and exemplary CVs are not decisive for us - much more important: explain to us why you are a perfect fit for this position and our team!
