

FLUTTER DEVELOPER (F/M/D)

Full-time, Vienna (Austria)

ABOUT US

Trackbar is a young and dynamic Fitness Tech StartUp based in the center of Vienna. Our day-to-day business focuses on developing exceptional connected fitness solutions to serve leading industry players and give their users the best possible workout experience. As we expand our team, we are looking for a new team member to boost our mobile app development. So maybe you are the perfect fit?!

YOUR FOCUS

- Shape and develop the Trackbar App and SDK with us
- Building awesome workout apps on top of our SDK
- · Develop modules that our partners love working with
- Cooperate with our designers and engineers to launch new features that our users love
- Challenge yourself and the team by realizing innovative ideas

YOUR PROFIL

- University degree in computer science or similar
- Analytic, self-initiative, and flexible mindset to build fast, scalable systems with Trackbar
- Excellent skills and experience in writing clean and maintainable Dart-Code
- Knowledge about AWS-Tools and node.js preferable
- Even though you are an expert in Flutter development, you are open to leave your comfort zone once in a while and share ideas in the team in other areas.

OUR PROFIL

- A diverse field of work, a continuous stream of new challenges, and the chance to shape Trackbar with us
- Fun and easy-going team with flat hierarchies, agility, transparency, and empowerment
- Working in cooperation with big fitness companies
- Flexible working hours
- · Working out in our micro gym
- Free coffee, drinks, and as many snacks as you need
- The minimum gross salary for this position is € 42K, depending on your experience and qualification this can be much higher
